

CTP - PLATESETTERS

No.	Item description	year
101.	Agfa Galileo VS with PlateManager, L-Bridge, LP82 online plate processor	2000
102.	Agfa Xcalibur 45 E with PlateManager, L-Bridge, TP85 online plate processor, stacker	2004
103.	Agfa Palladio with AutoLoader 1 cassette, LP68 online plate processor, stacker	2002
104.	Agfa Palladio 30 with AutoLoader 3 cassettes, LP68 online plate processor, stacker (Engine can also expose photopolymer plates)	2004
105.	Creo Lotem 400 V MCU with MultiCassetteUnit, 3 cassettes, Mercury online plate processor	2001
106.	Creo Lotem 800 S dual loading cassette, online plate processor	2004
107.	Creo Trendsetter 800, 40 W Laser hours: less than 400, laser changed in 2007	2002
108.	Kodak Magnus 400 MCU with MultiCassetteUnit, conveyor, Imaf Speed 86 plate processor, stacker	2007
109.	Kodak Magnus 800 S, manual Laser hours: 544, conveyor, Kodak Sword Excel 34 plate processor	2006
110.	Heidelberg Topsetter 102 P Single AutoLoader with G & J online plate processor, stacker	2003
111.	Fuji Luxel V-6, fully automatic 1 cassette, with FLV 85V positive plate processor, stacker	2005
112.	Screen PlateRite PT-R 4300, manual engine only	2003
113.	Screen PlateRite PT-R 4300 MAL with MultiAutoloader, engine only	2004
114.	Screen PlateRite PT-R 8600 SAL with Single Autoloader, vakuum pump, without processor	2004
115.	Screen PlateRite PT-R 8000 fully automatic with Single Autoloader, 1 cassette, conveyor, KPG Mercury 85 plate processor, stacker	2000
116.	Lüscher Xpose 130, 32 laser diodes with offline G & J plate processor	2005
117.	Lüscher Xpose 160, 64 laser diodes with offline Mercury plate processor	1999

CTF - IMAGESETTERS

No.	Item description	year
201.	Agfa Avantra 25 with online film processor	1995
202.	Agfa Avantra 30 with short online film processor	1999
203.	Agfa Avantra 44 S with online film processor	1998
204.	Fuji Luxel F-6000 single laser, with online film processor	2002
205.	Fuji Luxel F-9000 dual laser, with online film processor	2000
206.	Linotype-Hell Herkules Classic with Kodamatik online film processor	1994
207.	Creo Dolev 4PressV with G & J online film processor	1999
208.	Scitex Dolev 800 V with HOPE online film processor	1997
209.	Screen DT-R 5120 Tanto with online film processor	2000

All equipment will be cleaned, tested and refurbished. Our trained staff can provide necessary export documentation and sturdy packing for all modes of transport. Furthermore, we can also provide spare parts for most machines we are offering.

We offer suitable rip software for CTP and CTF. Please send us your inquiry!

The SDS – Team looks forward to doing business with you!
